## Mac Drop Loss May Be Quarter

A 20 to 25 per cent loss in the McIntosh crop may have been suffered in the recent "drop" experienced here and throughout the Okanagan.

Don Sutherland, assistant to the managing director of B.C. Tree Fruits said today: "It's a pretty fluid situation. Our stock receipts from shippers have yet to be tabulated, but a drop of from 20 to 25 per cent seems likely."

He added all McIntosh in the district are now harvested and under cover.

Mr. Sutherland said the scarcity of pickers at the time of the drop may have had some bearing on the eventual loss, but this was not certain.

"Drop" is the term used to describe a weather-caused falling of apples from the trees before they can be picked.

### FROST HARMLESS

The frost which settled through the Kelowna district Monday night and this morning does not appear to have been so severe as to affect the other varieties of apples remaining on the trees.

Robert M. Wilson, horticulturist with the department of agriculture in Kelowna, said today: "I don't think the frost we had here would harm the fruit. Apples can stand a very slight frost and it doesn't seem to have been more than that."

He stated he had no reports from outlying areas and there was a possibility of damage having occurred in some of the "frost pockets" in the district.

## Congo Troops Invade UN Offices To Demand Pay

LEOPOLDVILLE (AP) — Several thousand Congolese army troops surrounded United Nations headquarters at Stanleyville Monday night and demanded their overdue pay.

## B.C. May Muster Junior Hockey Playoff Team

VANCOUVER (CP) — If British Columbia can put together a junior hockey team of inter-provincial calibre it will enter the Memorial Cup playoffs this year.

But if a suitable team cannot be found B.C. will pass the playoffs this year, Don Winslade, Lower Mainland representative on the B.C. Amateur Hockey Association said today.

He was commenting on a proposal made by the hockey association during the weekend to enter a team in the Canadian junior hockey championship for the first time.

Winslade said a B.C. team would have been formed from the estimated 10 junior B clubs in the province. He said many players leave the province to play junior A hockey on the Prairies.

headquarters at Stanleyville Monday night and demanded their overdue pay.

Some of the troops invaded the UN offices, but there was no violence, according to word reaching Leopoldville.

UN officials calmed the troops with a promise that pay would be flown in from Leopoldville, whose 3,000-man garrison had previously been paid by the UN.

Some of the money will come from Congolese funds and the rest from the United Nations.

The Congolese soldier gets the equivalent of \$24 a month, plus small living allowances. Since trouble broke out in the Congo in early July, many have gone without their pay due to the administrative chaos.

Reuters news agency said Ghanaian troops made preparations today to pull out of Leopoldville area.

The transfer of the Ghana force was announced Monday by Gen. Indarjit Rikhye, Indian military adviser to UN Secretary-General Dag Hammarskjöld, who also announced that Tunisian UN troops would be pulled out of troubled Kasai province.

# Nasser Urges Ike-Nikita Summit on Disarmament

THEY'VE GOT A NEW BOSS NOW

With the municipality of Kelowna no longer in existence owing to the area's merger with the city of Kelowna, James H. Hayes and Mrs. Ruth Purdy, above, have a new employer. Hayes, who was Glenmore clerk, has become assistant collector with the city of Kelowna, and Mrs. Purdy joins city hall staff as a clerk-stenographer. — (Courier staff photo)

## PEARSON PRAISES DIEFENBAKER IDEA

TORONTO (CP) — Liberal Leader Lester B. Pearson today praised Prime Minister Diefenbaker's proposal for a force of United Nations technical experts and called for an immediate start on the idea.

Mr. Pearson, commenting on Mr. Diefenbaker's speech to the UN General Assembly Monday, made the remarks in a telephone interview with The Star from Elliot Lake, Ont.

## Negotiators On Columbia Meet Apart

OTTAWA (CP) — Canadian and American negotiating teams discussing joint development of the Columbia River hydro resources met separately today in an apparent move to bring the lengthy closed-door conferences to a head.

Officials attending the meetings, however, declined to say whether the separation meant Canada and the United States were closer to or farther away from agreement.

Justice Minister Fulton met with Canadian officials, and the United States delegation, headed by Elmer F. Bennett, undersecretary of the interior, conferred with members of the U.S. embassy staff.

An official said the conference, originally scheduled as a two-day meeting, may spill over into Wednesday.

The delegations agreed to make no public statements on their discussions until the conclusion of the negotiations.

## Vernon Girl Wins \$200 Scholarship

VANCOUVER (CP) — Two students from the interior were among seven University of B.C. students who have won a total of \$1,600 in nursing and public health scholarships.

They are Wendy Kathleen Dobson of Vernon, who was awarded a \$200 nursing scholarship, and Barbara Evans Andrews, who won a \$300 nursing scholarship.

Winners of the other five awards, announced today by Dean Walter Gage, chairman of the awards committee, are from the Lower Mainland.

### HARD TO SWALLOW

NEW YORK (AP) — Thousands of migrating swallows closed one runway at Idlewild Airport for several hours Monday morning, announced today by five days. The birds have been swarming on the field, apparently feeding on the fruit of bayberry bushes planted to prevent soil erosion.

## Private Diplomacy Breaks Into Open

UNITED NATIONS, N.Y. (CP) — Intense private diplomacy erupted into the open today when President Gamal Abdel Nasser of the United Arab Republic asked the 17th General Assembly to request a summit meeting on disarmament between President Eisenhower and Soviet Premier Khrushchev.

Khrushchev, meanwhile, submitted a resolution to bring so-called neutral nations into the 10-nation disarmament committee whose deliberations collapsed in June.

And Khrushchev said he is going to confer with Prime Minister Macmillan but he brushed aside a question as to whether he would see President Eisenhower.

Nasser—who earlier met separately with Khrushchev and Eisenhower—has been near the heart of a swirl of behind-the-scenes diplomacy that gained intensity with the arrival of more and more heads of government at this historic assembly session.

Prime Minister John Diefenbaker, en route to a luncheon appointment with India's Prime Minister Nehru, could not be reached for comment immediately on the new proposals but it was noted he spoke with Nasser Monday.

### GAVE EARLIER HINT

Khrushchev's call for additional members on the East-West 10-nation disarmament committee was hinted at last week in his policy speech to the General Assembly—a speech that was sharply criticized by Diefenbaker Monday.

Nasser said both Eisenhower and Khrushchev have expressed willingness to discuss disarmament again. Nasser declared:

"We therefore suggest that the General Assembly recommend that the two great leaders should, under the standard of the United Nations, meet either by themselves or together with whom you select among those who are present here, in order for them all to put, under the aegis of the United Nations, guiding rules for a new attempt toward disarmament."

Khrushchev's proposal called for an increase of the disarmament committee, which has five Communist members and five Western members, including Canada, to 15 members by the addition of India, Indonesia, the United Arab Republic, Ghana and Mexico.

The Communist members walked out of the committee in Geneva in June, saying they would bring up the whole arms question at the current assembly.

### KE UNWILLING

Eisenhower has firmly rejected any suggestion of talking with the Russian unless he released two downed RB-47 flyers and met other unspecified conditions.

First U.S. reaction to Khrushchev's disarmament proposal was cool, a spokesman saying the problem is not the structure of the disarmament group but "of willingness of the Soviet Union to

ABDEL NASSER... urges new attempt

negotiate an equitable and realistic agreement."

Diefenbaker pleaded Monday for a return to negotiations and he stated that "despite the Soviet withdrawal there is nothing fundamentally wrong with the 10-nation forum."

Eisenhower and Macmillan met for breakfast today and joined in an appeal that the 96-nation assembly "concentrate on serious, sober and constructive work—notably in the matter of disarmament."

## Woman Pilot Turns Up Safe

WILLIAMS LAKE (CP) — RCMP said a woman pilot thought to be missing between here and Kamloops landed at Horseshoe Lake, 60 miles northeast of here, where she has a cabin.

Police said a neighbor of Mrs. Stella Rosenau, who was alone in her pilot super cub and was feared forced down, reported she had entertained her at supper Monday night.

An RCAF dakota left Vancouver early today to look for the woman before it was known that she was safe.

## Pentecosts Favor Sex Education To Combat Growing Immorality

LONDON, Ont. (CP) — A sex education program to counter "growing immorality among youth" was given unanimous approval Monday by delegates to the 22nd biennial general conference of the Pentecostal Assemblies of Canada.

The program will be formulated by a special committee to be appointed.

The resolution proposing the program stated that "our young people are increasingly exposed to this dangerous trend (growing immorality)." It added that proper instruction is not adequate.

### THREE CRAFT CRASH

ST. PETERSBURG, Fla. (AP) — A six-jet B-47 bomber crashed Monday night in Tampa Bay and two coast guard helicopters sent to the rescue also plunged into the water. All of the 10 men involved were rescued. One suffered minor injuries.

### LOSES 300 VOTES

Difference of 300 votes in showing of South Okanagan Progressive Conservative candidate H. S. Harrison Smith, above, was recorded Monday in final tabulations in B.C. election. In the Sept. 12 election day count he was credited with 1,533 votes, whereas official results yesterday gave him 1,233 votes. In any event he wound up in third place in the strongly Social Credit riding of Premier W. A. C. Bennett. See also story page 3.

## ERRING APPLE PICKER GETS HELPING HAND FROM HIS BOSS

A good apple picker never knows when his skill will stand him in good stead.

Lloyd Redmond Watchorne, charged with impaired driving, received a lighter fine than generally imposed for such an offence when employer testified on his behalf in district court Monday.

Setting a \$50 penalty after finding Watchorne guilty, Magistrate D. M. White said he took into account a recommendation of Charles B. Miller, orchardist employing Watchorne.

"Best pickers I've had on my ranch since 1942," Miller said of Watchorne and two companions. The boss also paid the fine.

## Provinces Denied Access To Railways' Earnings

OTTAWA (CP) — The MacPherson non-rail assets and earnings, the commission said it is already conducting its own "intensive study" into the matter, which is specified in the commission's terms of reference as one topic to be considered in the wide-ranging transportation investigation.

The commission also accepted — "not unanimously," said chairman M. A. MacPherson of Regina — a CPR objection to submission of cost testimony from the three prairie wheat pools and the United Grain Growers Limited.

Since Manitoba lawyer Arthur Mauro was absent from the hearing, the commission adjourned its public session until Wednesday to resume cross-examination of Manitoba's main case on transportation troubles.

In its ruling on the issue of non-rail assets and earnings, the commission said it is already conducting its own "intensive study" into the matter, which is specified in the commission's terms of reference as one topic to be considered in the wide-ranging transportation investigation.

## Election Outcome Unchanged As Absentee Ballots Counted

VICTORIA (CP) — The outcome of the election, including absentee ballots, was unchanged after the counting of absentee ballots from the Sept. 12 general election in British Columbia.

Social Credit candidates retained their seats in Comox, Yale and Nanaimo and The Islands, while the CCF extended its margin in winning Atlin.

The final total in Nanaimo gave Recreation Minister Earle Westwood 4,621 votes, only 30 more than former CCF MP Colla Cameron. Absentee ballots cut Mr. Westwood's margin by 42 votes, and Mr. Cameron said later he may ask for an official recount.

Communist candidate Irving Mortenson drew 70 votes, Liberal Hugh B. Heath 1,036, and Conservative Edward D. Strong 605.

Frank Calder, CCF candidate in Atlin, picked up 444 votes, in Wood.

READY FOR ACTION

## Five Firemen Hurt Fighting Coast Blaze

VANCOUVER (CP) — Five firemen suffered minor injuries Monday night when the second floor of a building collapsed during a three-alarm fire in central Vancouver.

Fireman Ron Williams, 27, was taken to hospital with a leg cut, suffered when he was forced to leap from a window as the roof of the building collapsed at the height of the blaze. Three others suffered minor cuts and another was overcome by smoke.

The stubborn fire caused an estimated \$1,000,000 damage. It broke out in the industrial section at Fourth and Main Streets in the wholesale drygoods building of Hamilton Harvey Limited.

The building was demolished and goods, insured for \$500,000, were destroyed. A plumbing firm in the basement estimated its loss at \$150,000. A new addition to the Hamilton Harvey premises also suffered heavy damage.

Major, a boxer owned by Frederick Beal, fire chief of Ellsworth, Maine, poses in his favorite seat behind wheel of fire truck. Unfortunately Major doesn't have a driver's licence so has to shove over when the alarm rings. (AP Wirephoto).

## Castro Lacked His Usual Bombast in Speech to UN

EDITOR'S NOTE: Robert Berrellez has reported daily on Fidel Castro throughout the bearded revolutionary's regime and has toured with him in Cuba and the United States.

BY ROBERT BERRELLEZ  
UNITED NATIONS, N.Y. (AP) — It was a relatively subdued Fidel Castro who addressed the United Nations General Assembly Monday.

The 4½-hour blast against the United States lacked much of the usual fire.

The Cuban revolutionary chieftain never reached the towering, incoherent rage that comes over him when he opens up against the United States in his speeches back home.

The Albany poll is being contested because of an alleged fault in the numbering of ballots. The poll showed 72 votes for Mr. Calder, none for other candidates.

WILL SEEK RECOUNT  
CCF candidate Fred Wood cut the margin that Social Credit candidate Dan Campbell gained in Comox after the unofficial count on election night and said he will seek an official recount.

Mr. Campbell was returned to office with a margin of 38 votes — 6,402 to 6,064. In the election, Mr. Campbell had the cabinet decided he should take over leadership of the New Zealand delegation.

Because of the "vital importance of the assembly meeting for the UN organization as a whole," Nash told Parliament.

"He thinks it's springtime," said Dr. Newman. "He's just growing up and being aggressive with the other males."

The fact that the audience—except for the Soviet and Cuban delegates—did not respond as Cuban audiences do may have been a factor in Castro's failure to reach his explosive peak.

There were perceptible halts in his oratory when he gave the impression he was waiting for the familiar revolutionary chants that punctuate his speeches in Havana.

USUAL MANNERISMS  
If the explosiveness was lacking, the usual mannerisms he employs to dramatize his remarks were not. He jabbed the air with his fingers and went into the familiar sawing gestures with both arms. But it was like a symphony orchestra conductor leading a string quartet.

There was perhaps another factor in the Cuban chieftain's failure to blast off in usual style. The reception he has received in New York so far, including in Harlem, has been far under what he probably anticipated.

NEW ZEALAND'S PM  
OFF TO NEW YORK  
WELLINGTON, N.Y. (AP) — Prime Minister Walter Nash left today for the UN General Assembly meeting, announcing his trip was due to the "grossly unjust, violent and damaging attacks" on Secretary-General Dag Hammarskjöld.

Because of the "vital importance of the assembly meeting for the UN organization as a whole," Nash told Parliament.

"He thinks it's springtime," said Dr. Newman. "He's just growing up and being aggressive with the other males."

Ferdinand's love affair came to light when Dr. Newman saw Isabella, the only female in the pond, slither up and put her front leg on Ferdinand's shoulder.

"They were making small alligator noises. I don't understand the language but I think they like each other a lot."

Ferdinand's love affair came to light when Dr. Newman saw Isabella, the only female in the pond, slither up and put her front leg on Ferdinand's shoulder.

"They were making small alligator noises. I don't understand the language but I think they like each other a lot."

In fact, the curator said, there may be a blessed event shortly.

But he's not taking off the muzzle because Ferdinand might be jealous of the other, unmuzzled males.

"He can still hiss and coo through his muzzle."

# Absentee Count Follows Trend in North Okanagan

VERNON (Staff) — Absentee earlier this month, garnered 128 votes, bringing his total to 1,817 votes, percentage-wise, reflected more in absentee ballots for a private candidate, polled 30 votes, than in the North Okanagan's voting Sept. 12.

Social Credit MLA Hugh Shantz, who led with 4,425 votes

## Kinsmen Install New Officers At Salmon Arm

SALMON ARM (Correspondent) — Deputy governor, Harley McCord, installed Kinsmen and Kinslet officers at an impressive ceremony here last week.

Incoming presidents are Phil Weddell and Ruth Williams, who succeeded George Sperle and Jackie Cannon.

Vice-presidents are Reta Hudson, Jim Hudson and Rex Mears; bulletin editors Mrs. Wendy Mears and Ben Woodward; three trustees, Bill Angle, Chuck Longdon, Bob Nelson, Norman Cannon, Liz Weddell and Tina Bartman. Registrar is Ramsay McLaren; Secretaries, Dot Johnson and Keige Kawase and treasurers, Louis Angle and Don Reed.

Among guests at the event were presidents of other organizations and their wives, Mr. and Mrs. Gene Spence, representing the village, Mr. and Mrs. Stewart Municipality; Mr. and Mrs. Tom Middleton, Rotary; Mr. and Mrs. Rosmer, Chamber of Commerce; and Mr. and Mrs. Matt Kersey, Canadian Legion.

## STUDY QUESTION

VERNON (CP) — Federal Agriculture Minister Harkness will study questions put to the Okanagan tomato industry by a farm stabilization board representative before announcing any decision on federal action. Processors were asked what subsidy would be required to maintain tomato production in the volume required.

## Vernon's Everard Clarke Again On Dairy Council Executive

VERNON (Staff) — Everard Clarke of Vernon has been re-elected a director of the National Dairy Council of Canada. He is general manager of NOCA Dairy, succeeding E. A. Lewis of Calgary.

## TODAY'S STOCK QUOTATIONS

TORONTO (CP) — Industrials were stronger today in a quiet stock market while all other sections were marked time. On index, industrials were up 1.06 at 480.81, while golds took time off for profit-taking, gaining .05 at 91.23.

Base metals were off .03 at 150.25, and western oils eased .01 at 82.48.

The 11 a.m. volume was 468,000 shares compared with the 569,000 shares traded at the same time yesterday.

Dominion Stores and Anglo-Canadian pulp paced industrials higher, both up 1/2 at 55 and 42. Imperial Life dropped 3/4 at 80.

Mrs. Jake Vachon will be in charge of the tea. Mrs. John Gallon and Mrs. Andrew Pattie will convene the table of fancy work. Mrs. A. LeBlanc and Mrs. W. Hillier, the home cooking, and Miss A. Bourcet and Mrs. H. Vanderwijk, fish pond. Bingo games will be organized by the Holy Name Society.

## Keep Calm If You're Lost, Is Advice Of Sportsmen

VERNON (Staff) — There is no disgrace in becoming lost, but there may be tragedy, warns Vernon Fish and Game Association. "The tragedy of not coming back could have been avoided by a little knowledge, a minimum of skill, but a strong desire to live."

"The first principle is you must help yourself," Mr. Schuck states. "And the easiest way is to become familiar with techniques"

function," Mr. Schuck advises.

### STAY PUT

Another important rule, he adds is to stay put. "If you're not sure of the way out, stay in one location. And try to remain calm."

The Fish and Game Club rescue team has personnel ready at all times to search for lost persons.

"However, if possible, find an open area so that signal fires may be seen. Three fires is the international distress code. Any aircraft involved in the search would spot them instantly."

"A distress signal to sportsmen or searchers is three shots, fired at intervals of five seconds. The reply is one shot."

"And inexperienced outdoorers must have one defence, an almost infallible one, against animals. No animals will attack humans, day or night, if a campfire is burning," Mr. Schuck says.

Further information on survival, search and rescue is always on the agenda at the club's special search and rescue meeting the first Tuesday of every month at the Fish and Game clubhouse.

### DANGEROUS SLEEP

VERNON (CP) — A motorist who fell asleep at the wheel and plunged with his car into nearby Wood Lake Sept. 15 was convicted Monday of dangerous driving and fined \$100. Robert Histed was rescued from the lake by a passing motorist, but his car was cut almost in two in the accident.

### ROBERTS' CLEANERS

13 YEARS OF SERVICE

The only reaction you "muster" from Arthur Roberts, energetic proprietor of Roberts' Cleaners when you suggest his story — unmistakably parallels the one "home-town boy makes good" is a modest smile.

Mr. Roberts' story however is of the aforementioned classification for he was reared and received his education here in Vernon.

Mr. Roberts, upon completing his education and being of the adventurous strain, left to join the RAF in 1937. His squadron, part of what was known as the "advance air-striking force," was dispatched to France in 1939.

During a blitz on France in 1940, Mr. Roberts was taken prisoner and held captive until the end of the war five years later.

He returned and — until his business had its inception in December, 1947 — was employed in the well-known and highly-respected dry cleaning firm, Henderson's Cleaners in Kelowna.

Watching the customers going in and out of his store and the "too-many-to-count" coats and dresses waiting to be picked up, you'd have to concede Mr. Roberts has continued to serve his customers in the manner he was trained.

Mr. Roberts is the father of four girls in age from eight years to 10 months.

The company still relies greatly on the reputation it has built up during the last 13 years.

#### A WELCOME FOR MISS RED FEATHER

Kelowna's Miss Red Feather, twelve-year-old Marilee Hodgkinson is welcomed by Community Chest official Dave Northrop. The campaign, which has raised its target this year to \$27,770 in order to deal with day under the chairmanship of Charles Gaddes.

#### COUNCIL JOTTINGS

## Former Glenmore Staff Get New Kelowna Jobs

Ald. E. R. Winter took the chair at Monday's city council meeting, in the absence of Mayor R. F. Parkinson.

Three employees of the former Glenmore Municipality were appointed to the city's staff. Samuel Pearson becomes assistant building inspector, assistant gas inspector and assistant plumbing inspector; James H. Hayes takes over as assistant collector; and Mrs. Ruth Purdy is appointed as a clerk-stenographer.

It was agreed to obtain an estimate for the Bank of Montreal on the cost of laying a concrete sidewalk along the bank's lot on Water St.

The bank felt the asphalt sidewalk would not be in keeping with the building it's constructing there, and would, under the city's sidewalk scheme, bear half the cost of a concrete one.

A request from the Underhill Clinic to have its parking lot rezoned as commercial, to permit the erection of a neon directional sign there, was referred to the advisory planning committee.

**LANE ALLOWANCE**  
H. W. Young of 784 Leon Ave., was given permission to use the lane allowance behind that property for gardening, until such time as the lane be required.

Okanagan Limousine and Taxis Ltd. made application for a three car stand on the south side of Bernard Ave., opposite 255 Bernard. The matter was referred back to the traffic control advisory committee.

A letter was received from Brig. John Steele of the Salvation Army pointing out that the Glenmore Municipality had contributed to the army's funds for 35 years, and requesting council to bear this in mind since it had taken over the municipalities affairs.

It was decided to consider the matter at the same time as the 1961 budget.

**MOTEL MOVE**  
J. Dranka appeared before council in connection with its refusal to sanction a 24 room trailer style motel operation he had recently purchased on the Vernon Road. After a lengthy discussion, Ald. Winter suggested he make a thorough examination of the property in company with W. L. Conn, building inspector, and to

#### SWORN IN

Ald. A. J. Jackson, who was absent at the UDCM New Westminster meeting when the rest of the Kelowna interim council was sworn in last week, took his oaths of office before Magistrate D. M. White yesterday.

Earlier in the day, Ald. Jackson, who was away when the new council took office here, had sworn his oath of allegiance and declaration of office before Magistrate D. M. White.

Ald. E. M. Baker, reporting on the recent Aviation Conference at Harrison Hot Springs at which he represented council, said stress was placed on the advisability of municipalities reserving sites suitable for construction of heliports.

He also was congratulated on being elected to the directorate there.

**UBCM MEET**  
Ald. Arthur Jackson gave a report on proceedings at the annual convention of the Union of British Columbia Municipalities recently held in New Westminster.

He was congratulated by Ald. Winter, on behalf of council, on having been re-elected to the union's committee.

## New Sunnyvale School To Be Opened By Mayor

The formal opening of the new Sunnyvale School Building, 1374 Bertram St., will be held on Saturday at 2 p.m.

Sunnyvale School, operated by the Kelowna and District Society for Retarded Children, will be opened by Mayor R. F. Parkinson. Following the opening the public, cordially invited, may inspect the new building.

Sunnyvale School is a member of the Community Chest.

**SAMPLE SHELTER**  
HAWKESBURY, Ont. (CP)—A civil defence shelter has been built by the town council of this community near Ottawa under the supervision of Jean-Maurice Demers, civil defence co-ordinator.

Elephant tusks generally weigh about 55 pounds but there have been instances of tusks as heavy as 200 pounds.

#### POLICE COURT

In district court: Joseph P. Schaumliffel was fined \$25 and costs for unlawfully having a loaded rifle in a motor vehicle.

Victor Noer, \$10 and costs for driving a motor vehicle while not wearing glasses, contrary to the restrictions on his driver's licence.

Carl Hein was fined \$50 and costs for making a false statement while applying for a hunting licence. The court was told he represented himself as a Canadian citizen, while, in fact, he was not. This misrepresentation, it was stated, enabled him to purchase the licence for \$4 instead of \$12.

Arpid Farkas was fined \$50 and costs for driving while not the holder of a valid driver's licence, and \$100 and costs for driving without due care and attention. Magistrate D. M. White said he was imposing a severe penalty for the licence offence, as apparently a lenient one he imposed on Farkas recently on the same charge had not impressed him.

In city court: The following were fined \$25 and costs for being intoxicated in a public place: William Dunlop, Norman Mills, Norman Wilson, Ronald Lees, Adrian Lesperance, David Damin, Alexander Morrison, Olie Olson and James Anderson.

Fined \$15 and costs for being intoxicated in a public place were Andrew Hynes and John Poutash.

Maurice Du Four, \$10 and costs for being intoxicated in a public place.

Marie Deneau, \$10 and costs for being intoxicated in a public place.

Rose David, \$10 and costs for being intoxicated off a reserve.

Howard Ezeard, \$50 and costs for giving or supplying liquor to an Indian.

Harry Chaplin and Arthur Edward Alto were fined \$50 and costs each for causing a disturbance by fighting.

Dennis Scornah, \$10 for failing to obey a traffic signal.

Holland Langill, \$15 and costs for driving while not the holder of a valid driver's licence.

## 'Vigilantes' Track Down Paper Thief

Elephantine in battle, Courier circulation, harassed in recent weeks by honor box thieves, welcomed a moral shot-in-the-arm Monday upon receiving a letter from two local girls turned vigilantes.

The letter, written in the large block letters common to the short set, began "This is to tell you that we saw a boy taking a Courier from the box outside (a local supermarket) without paying for it."

Then it mentioned the two amateur detectives, whose mothers wished them to remain anonymous, had written down the licence number of the thief's car. Courier circulation, is highly impressed by this expression of support.

#### WHITES PROTEST

PHILADELPHIA (AP) — Police report some 1,000 persons staged a demonstration Monday night in protest over a Negro family moving into a house in working-class neighborhood. Officers said no Negro families previously had resided within eight blocks of the area. No one was arrested.

# Council Agrees on Barbers' Plea To Review Closing Hour Decision

An eleventh hour reprieve for agreed to postpone a decision on the store closing hours bylaw—until their absent colleagues have at least so far as barbers are an opportunity of reconsidering the matter—was gained at city council's meeting, Monday.

William Campling of Penticton, third vice-president of the British Columbia Barbers' Association, having heard a delegation of Columbia Barbers' Association, city barbers protest rescinding of was spokesman for the delegation, the aldermen present.

He presented a petition which he claimed had been signed by every barber in Kelowna.

Mr. Campling said the bylaw had been enacted originally for good reason, all barbers had obeyed it, and all barbers wished to see it retained.

"Why, just why," he asked, "does the city of Kelowna want to abolish it?"

James Hudson, city clerk, in reply to Ald. E. R. Winter, acting mayor, said the resolution rescinding the bylaw was drawn up in a manner such that mention of barber shops could be deleted from it.

The question will be further discussed at the next meeting of council.

## Official Tabulations Of South Okanagan Election

Final official results for South Okanagan in the Sept. 12 election show H. S. Harrison Smith, Progressive Conservative candidate polled a total of 1,256 votes.

He had been credited with 1,333 in tabulations released Sept. 13, exclusive of the absentee poll.

However, Mr. Smith remained in third place slightly ahead of Liberal Joseph Barre, who also emerged with a reduced total—from a reported 1,263 to an official 1,238.

In the Kelowna polling district, Mr. Smith got 487 votes and not 806 as originally indicated, while Mr. Barre's official Kelowna poll was 475 instead of a calculated 546.

Harvey Wilson, returning officer, said results recorded here Monday were the first and only official ones. He pointed out earlier releases were merely estimates based on unverified figures reported from the different polls.

Counting of the absentee votes Monday brought completion to the results. Through their share of these, Premier W. A. C. Bennett, Social Credit, and Walter Ratcliff, CCF, improved their totals. The Premier polled a total of 8,058 (earlier report: 7,785) and Mr. Ratcliff had 2,902 (earlier report: 2,805).

Final and official poll by poll results in South Okanagan read:

	Eligible Voters	Bennett	Ratcliff	Barre	Smith	Re-jects
Bear Creek	24	6	3	5	5	0
Bennuolin	897	396	121	40	50	6
East Kelowna	503	172	130	45	44	1

Absentee outside Dist.	100	30	20	12	99	
Totals	18,051	8,058	2,902	1,238	1,256	301
Total valid votes cast:	13,454					

## Coast Blood Bank Story Confusion

"I know of no such order," was the comment of Miss C. Sinclair, Director of Nursing at Kelowna General Hospital, referring to a report from Vancouver the Red Cross had cancelled shipments of blood to Kelowna and Victoria.

**A COAST NEWSPAPER**

The report in Monday's Sun and a broadcast news stated "normal shipments of blood to hospitals in Victoria and Kelowna have been cancelled because of a shortage."

A Canadian Press report agreed shipments had been cancelled for Victoria but said the interior point affected was Penticton.

**GAP FILLED**

Roy Hosson, Senior Laboratory Technician at the Penticton Hospital said yes "a shipment was cancelled for Penticton near the end of last week, but notification was immediate and local donors filled the gap."

He added "we have an order in now and no cancellation has been received. We expect it will come through tomorrow."

Local Red Cross officials stated shipments of blood from Vancouver do not pass through Kelowna Red Cross hands but go direct to the hospital.

Miss Sinclair remarked "there is no great crisis here." She added cancellations arrive only after orders are sent. As present stock was sufficient no cancellation had been received.

The story arose as a crisis in blood supply was reached in Vancouver.

**NEW WATERS**

QUEBEC (CP)—The South American, a 5,000-ton cruise ship, has sailed out of the Great Lakes for the first time since it was built in 1914. The Chicago-owned vessel arrived here on a cruise through the St. Lawrence Seaway.

**ANCIENT LINK**

The dingy, wild dog found in parts of Australia, somewhat resembles the pariah dogs of India and Java.

## SUMMERLAND VISIT FOR DAIRY QUEEN

Miss Eirian Griffith Evans, the United Kingdom Dairy Queen, who is currently on a visit to Canada sponsored by the Canada Dairy Council, visited Summerland Research Station when she toured the Okanagan. Miss Evans is seen here at Summerland with J. G. Millmore of the station.

## Double Ring Ceremony Unites English And Valley Families

St. Aidan's Anglican Church in Rutland was decorated with bunting of coral and cream gladioli on September 2 for the pretty evening wedding of Sylvia Maybury, daughter of Mr. and Mrs. Arthur Maybury of Clayton, Manchester, England, and Rene Ernest Ruffi, son of Mr. and Mrs. G. H. Ruffi of Rutland, B.C. The Reverend J. E. Snowdon officiated and the soloist Mr. E. Burnett of Kelowna, accompanied by Mrs. K. Daniels, sang "The Lord's Prayer" before the bride and groom entered the church and "Among Thy Dwellings" during the signing of the register. The bride was given in marriage by Mr. R. D. Hobson, in the absence of her father, and she wore a short, white, full-skirted dress of corded silk brocade with a pleated cummerbund, high neckline and short sleeves. Her headpiece, a floral bandeau set with rhinestones held a short bouffant veil and she carried a bouquet of pink roses and stephanotis set on a white prayer book.

Her sole attendant was Miss Roberta Ruffi, sister of the groom, who wore a sage blue cotton brocade sheath with a matching jacket, a blue hat ribbon bandeau with a brief veil on her hair and carried blue sprayed mums on a white prayer book.

The best man was Mr. Edwin Sauer of Ellison, B.C., and the ushers were Mr. R. C. Kerr of Okanagan Mission and Mr. W. M. Wostradowski of Rutland.

After the ceremony a reception was held at the home of the groom's parents in Rutland. The bride's table was covered with a white linen and lace cloth and centered by a three-tiered wedding cake flanked by pink tapers and crystal vases of pink roses. The cake was baked by Miss Ruth Bowman of Calgary, a friend of the bride.

In the absence of the bride's mother, the mother of the groom received in a cinnamon brown linen sheath dress with hat and accessories in tone, and she wore a corsage of yellow carnations. Telegrams were read from friends and relatives in England, Scotland, Australia and Edmonton, and out-of-town guests to the wedding included Mr. and Mrs. R. D. Hobson of West Vancouver, Mr. and Mrs. D. Sweeney of Victoria, Mr. and Mrs. E. A. McKay and family of Kimberley, B.C. and Mr. and Mrs. W. H.owna.

MR. AND MRS. RENE ERNEST RUFFI

Photo by Paul Ponich Studios

For their honeymoon to Coastal points the bride changed to a navy blue suit with a box jacket and a white hat and accessories. Mr. and Mrs. Ruffi will reside at 681 Christleton Avenue, Kelowna.

## Women

KELOWNA DAILY COURIER, TUES., SEPT. 27, 1960 PAGE 5

### AROUND the TOWN

Mrs. R. P. Walrod and Mrs. E. R. Winter were co-hostesses at a delightful coffee party last Saturday morning at the Kelowna Golf Club. The clubhouse lounge was charmingly decorated with masses of fall flowers, and pouring at the coffee table were Mrs. A. C. Lander, Mrs. Rex Lupton, Mrs. Jack Buckland and Mrs. R. Foote.

Mr. and Mrs. H. J. Van Ackeren left Sunday by car for Trail to attend the wedding of Miss Jan Milkin to Lieutenant Commander Misakian, USN. Miss Milkin was formerly a nurse at the Kelowna General Hospital.

After spending a week with her niece Mrs. E. C. Earle, Bertam Street, Mrs. H. Wilson has returned to her home in Victoria.

Mr. and Mrs. H. R. Arnott of Vancouver are visiting their daughter and son-in-law, Mr. and Mrs. Tom Capozzi, Capozzi Rd.

Miss Doris Leathley and Miss Rosemary Kling have returned from a motor trip through the Kootenay, Banff and Calgary areas.

Mr. W. S. Meikle of Winnipeg who has been the guest of Mr. and Mrs. Maurice Meikle, drove back to Winnipeg last week with his brother Mr. W. E. Meikle, who has also been visiting the Meikle family in Kelowna from Winnipeg.

Mr. and Mrs. Gerald Lennie have returned from a week's holiday at the Coast during which they were the guests of their son and daughter-in-law, Mr. and Mrs. R. S. Lennie in Vancouver for a few days.

Mr. H. M. Trueman, Glenwood Avenue, has returned from an engineering convention at Trail.

The Reverend and Mrs. D. M. Ponich are quietly celebrating their 50th wedding anniversary at the home of their son and daughter-in-law, Mr. and Mrs. Paul Ponich today. Their four sons who live in Edmonton will phone the Reverend and Mrs. Ponich during the evening.

### OKANAGAN MISSION

The first meeting of the new season of the Evening Guild of St. Andrew's Church, was held this week at the home of Mrs. H. Odium, Lakeshore Road, with over twenty members present. The retiring president, Mrs. M. G. Turner, who leaves shortly for Vancouver, was presented with a salt and pepper set by the members. The vice-president, Mrs. J. Swaisland, took the chair, and thanked Mrs. Turner for her untiring efforts on behalf of the Guild. It was decided that a coffee party would be held in the Parish Hall, on the morning of October 14th, with Mrs. E. Tasker convening. It was reported that the kitchen floor in the Parish Hall was being finished this week. Mr. C. Simkins was given a vote of thanks for putting rollers on the clothes rack for the Thrift Shop. The next meeting of the Guild will be held at the home of Mrs. A. H. Stubbs, Crawford Road, on October 18.

Returning home this week is Mrs. H. C. Dunlop, Cedar Creek, who has spent the past seven months visiting friends and relatives and he will recommend the patient to CARS for any needed treatment.

### C.A.R.S. Plans Fall Work And Activities

The auxiliary to the Canadian Arthritis and Rheumatism Society, at their last meeting Monday, September 19, passed a resolution endorsing a \$100 scholarship towards a course on physiotherapy to be taken by a girl preferably one from Kelowna. As there is a great shortage of physiotherapists, it is hoped that the giving of scholarships will help girls to take this course.

With the help of the travelling occupational physiotherapist the auxiliary was able to supply to local patients much needed equipment and facilities make the lives of the arthritics easier—e.g. working splints, bed boards, wheelchair cushions, bed blocks and extended forks and spoons.

At present the auxiliary is raffling a beautiful Indian sweater to increase funds. The sweater was the gift of a friend.

Plans are being made for the resumption this fall of the arts and crafts classes. The board of directors of the Sunnyside school has kindly given permission to hold these classes in Sunnyside school. Miss Critchley, the local CARS physiotherapist has sixteen patients whom she has recommended for these classes.

Miss Critchley has continued her fine work of treatment in the clinic at the hospital and visitation, with treatments, in the homes of patients. Any person desiring such help for arthritis should first apply to their doctor.

**CN** The Way of the Worry-Free

## Congratulations To The Rotarians

Congratulations to the Rotarians on the success of their Fall Fair and Home Show. The commercial and business exhibits were most attractively displayed and there were many extra items of interest such as the opening by the Kelowna Senior-Junior Boys' Band in their bright uniforms, the Cancer film, the collection of lovely old Bibles, the bingo games and the popular Saturday night feature of the bake sale put on by the Rotary.

The innovation of extra activities in the Centennial Hall was also a great success. These opened Thursday evening with a Junior Fashion Show. Before a capacity audience of over 225 people the show, commented by Mrs. R. Humphries, began with the showing of children's clothes from Town and Country Children's Wear by young models under twelve years of age. Some of the tiny tots carrying their huge bunnies and bears literally stopped the show. These small models were Linda Smith, Donna McDougal, Chris and Debbie Embleton, Maryanna and Ronny Campbell, Richard Emms, Trudy and Roma Clarke, Tommy Truss and Pamela Parker.

During the intermission Miss Gloria Ritchie, one of our Princesses of the Lake, sang "Don't Cry Young Lovers" from the "King and I" and Mrs. Beth Dunlop, the cosmetician from Dycks Drugs gave a talk on the use of cosmetics for young people with young complexions.

The second part of the show was modelled by Junior and Senior High School girls showing Baird's Shoes and Sportswear, and two high school boys, Peter Trump and Lou Neilson, who showed sportswear and jackets from Owen and Johnston Men's Wear. The theme of this part of the show was to give an idea of the correct clothes for young people to wear to school, bowling, skiing, dating and party wear.

The Junior High School models were Betty Austin, Cindy Taylor, Sharon Baird and Delray Butler and the Senior High School models who also showed furs from Gem Furriers were Valerie Deacon, Stephanie Sass and Linda Baird.

The girls' hair was styled by Maison Capri and on the whole it was a different and very interesting fashion show which should prove a useful guide to the young people of Kelowna and their parents in how to be well dressed at all ages and for all occasions. Thursday and Friday nights

the Centennial Hall was converted into a Hobby Room. A flower and fruit exhibition was beautifully displayed and attracted a number of visitors. There was an excellent display of photography by the Kelowna Camera Club. A display of stamp collections and some old Canadian letters dating back to the eighteenth century fascinated many people as did the weaving, ceramic work and other handicrafts. The highlights of the show were the cases displayed by the Rock and Gem Clubs of British Columbia, as this type of hobby was quite new to a great number of the crowd that poured over the cases of beautiful semi-precious gemstones, unusual rock faces and petrified wood found mainly in B.C. although there were specimens from as far away as Australia. Many people were making excited enquiries about how to start out in this fascinating hobby for themselves and everyone appeared to be amazed and delighted by the variety and beauty of the stones to be found in our own province.

We advise anyone who missed seeing the Rotary Fall Fair and Home Show to keep it in mind as a "must" for 1961, but we need not offer any advice to the hundreds of people who did visit the show, as there is no doubt at all they will be back to see it again next year.

**LIVELY ADDITIONS**  
QUEBEC (CP) — The Quebec Zoological Gardens has named a pair of one-year-old gorillas Arthur and Osa. First gorillas to be housed at the zoo here, they were named when they arrived recently from Holland.

### SALLY'S SALLIES

"Well he is in show biz; he's a press agent!"

### GLENMORE

Toy chests and attics are being ransacked in Glenmore as the Elementary Pupils observe Junior Red Cross Week—September 25 to October 1. "Toys for Chili" is a very worthy project, with each child donating whatever he can spare for a child in the earthquake ravaged areas. Toys that are light in weight and easily packed are desirable. Children are asked to bring the toys to school for no need is so great, no country so small that one and a half million young members of the Canadian Junior Red Cross, cannot help in time of man-made or natural disaster.

Earlier this year the organization sent \$10,000 worth of warm new clothing and several thousand health kits to Chilean children. For World Refugee Year the Junior Red Cross members used \$150,000 in pennies, nickels and dimes to help refugee children.

Congratulations to Mr. and Mrs. Peter Gutenberg, 1833 Knox Mountain Rd., on the birth of a son at the Kelowna General Hospital on Sept. 20.

Mrs. N. C. MacKenzie and son Bruce, of 1453 Bernard Ave., along with Mrs. F. J. Coe, 1485 Highland Dr. S., motored to Vancouver this week, where Bruce will again attend UBC.

Visiting his parents, Mr. and Mrs. P. O. Suter, 1458 Highland Dr. S., is Mr. Paul Suter, of Los Angeles, Cal.

Mr. R. L. Soquet, 1426 Bankhead Crescent recently travelled to St. Johns, New Brunswick on business.

Two ministers have taken up residence in the Glenmore district of the city of Kelowna. Rev. and Mrs. R. S. Leitch have moved into their home on 1711 Highland Dr. North, and Rev. and Mrs. Matthews of St. Michael and All Angels' Church, are living at 1359 Highland Dr. S.

Mrs. J. H. Hayes, 1781 Highland Dr. N., is a patient at Kelowna General Hospital.

### PRETTY LITTLE VICTORIAN

Celeste, long famous for her beautiful children's fashions, here creates a Victorian portrait—a trim little dress of red and black woven plaid silk and cotton. Wide self-ruffles trim

the sleeves and edge a column of heart-shaped ocean pearl buttons from the tiny white collar to the waistline. The full-skirted marquisette petticoat is piped for comfort.

### Tips On Choice And Care Of Leather Goods By An Expert

TORONTO (CP)—Many kinds of leathers are used in production of leather goods, but goat skin and cowhide are probably the best value for your money, says Al Spanton, director of a Canadian leather goods firm (Buxton Canada Limited).

Goat skin is made into shoes, gloves and personal items. Cowhide goes into shoes, luggage and personal leather goods, such as writing cases and toiletry cases.

Calfskin is a finer leather, for personal items, shoes and gloves. "The difference between it and cowhide is about the same difference as the skin of a three-year-old compared to that of a 40-year-old person," he explains.

**PRICE VARIES**  
Sealskin is used for personal items. "Sometimes sealskins are scarce and the price goes up, so that it's not as good a buy as goatskin or cowhide," he said. Sheepskin is used by the garment trade for coats and jackets. Shoes, gloves and personal items are also manufactured from sheepskin.

Horsehide goes into waist-belts, personal goods and some of the finest shoes.

**STUDENTS HELP**  
QUEBEC (CP) — Laval University students have set up an "Eclectic Information Centre" on the main street, used leather bags, bottles and to keep students informed on causes. These bags were known as what is going on in the city's concert halls and art galleries.

No matter what type leather, proper care adds to its life.

**DAILY POLISH**  
Shoes should be polished daily, and cleaned thoroughly once a month with saddle soap. And avoid those puddles, says Mr. Spanton.

If leather goods do get wet, allow them to dry slowly, then treat with saddle soap and a conditioner. Shoes, suitcase and handbag can be waterproofed with commercial products that contain lanolin and silicone.

Luggage, even if it is not used often, should be treated with a leather conditioner once a month. "Luggage needs the treatment to keep the moisture content at 16 per cent," he said. "If it drops below that, the leather will crack when it's bent."

**STIFF BRUSH**  
Sturdy shoes should be brushed regularly with a brass wire brush which will lift the nap without scratching the leather surface. A proper brush will lift soil marks from shoes.

Cleaners and conditioners are also available for leather upholstery. Good oil or trade preparation, usually will remove spots on leather.

Mr. Spanton, whose desk is leather-topped, said leather was the first wearing apparel used by man. It has long been used for many other purposes, too. From the middle ages to the 19th century, leather was used for bottles and to keep students informed on causes. These bags were known as what is going on in the city's concert halls and art galleries.

## Groat, Smith To Bid For Batting Titles

NEW YORK (AP)—Dick Groat of Pittsburgh and Al Smith of Chicago White Sox are expected to return to action this week and put new life in the stretch run for the major league batting titles.

Groat has been sidelined since Sept. 7 with a fractured left wrist while Smith has not played since Sept. 16 because of a pulled hip muscle.

As the 1960 season entered its final week, Groat and Norm Larker of Los Angeles were tied for the National League lead with .325 marks. Smith, with a .315 average, trailed American league pace-setter Pete Runnels of Boston by two points.

Runnels lost four points last week, slumping to .317 with only three hits in 16 tries. He was held hitless in four trips Sunday by New York Yankees.

**WILLIE THIRD**  
Larker dropped one point with three hits in 11 attempts. Willie Mays of San Francisco remained in third place despite a one-point decline to .320. Mays had four safeties in 15 at-bats.

Roberto Clemente of Pittsburgh held fourth at .318 with a 10-for-3 performance.

Mickey Mantle of the Yankees walked three homers to lift his total to 38. He's tied for second place in the American League with Jim Lemon of Washington. Roger Maris of New York leads with 39. Maris and Lemon failed to connect last week. However, Maris drove in three runs and boosted his leading RBI mark to 107.

Ernie Banks of the Cubs continued to lead the National in home runs with 41 while Hank Aaron of Milwaukee remained on top in RBI with 117.

Only six players in each league among those with at least 400 times at bat are batting .300 or better. Other American leaguers in addition to Runnels and Smith are Harvey Kuenn of Cleveland, .308, Bill Skowron of New York, .307, Minnie Minoso of Chicago, .302, and Roy Sievers, Chicago, .301. Ken Boyer of St. Louis, .303 and Wally Moon of Los Angeles, .301 are the other National leaguers.

## WIFU Data

By THE CANADIAN PRESS

Halfback Bobbie Renn of Saskatchewan Roughriders scored three touchdowns as his club defeated Calgary Stampeders 45-35 Monday night, giving him 37 points and a share of seventh place in the Western Interprovincial Football Union scoring race.

Jackie Parker of Edmonton Eskimos added one field goal in Eskimos' 15-2 triumph over Winnipeg Blue Bombers to extend his lead. He has 83 points.

The leaders:

## BOWLING ROUNDUP

## Tubby Grabs Twin Honors In Commercial League

Tubby Tamngi walked off with both honors in Men's Commercial Bowling League action Monday night.

Tubby racked up a 331 for high single and amassed 739 for high triple. His 333 also put him into the 500 club.

For the teams, Jerome Western Ltd. grabbed two laurels for the second successive week.

They rolled 1,155 for team single and 3,214 for team high three.

The Jerome crew leads the

## Richard For Mayor?

MONTREAL (CP) — It was bound to happen—a plug for Maurice (Rocket) Richard to campaign for the mayoralty of Montreal.

There have been plenty of times during the illustrious Rocket's National Hockey League career when he undoubtedly would have been a shoe-in.

Now comes the suggestion in a letter, signed by Phyllis Mullen, to the editor of La Presse.

Ms. Mullen writes that she would like the influence of the newspaper, in view of the announced retirement of the great star of Montreal Canadiens, "in launching a campaign in favor of this sports hero."

Mr. Mullen supplies a ready-made "three-B" campaign slogan—Maurice for mayor of Montreal.

OFF TO JUNIOR TRAINING CAMPS

Ready to head for junior hockey training camps in Moose Jaw, Estevan and Saskatoon are eight players from the Kelowna Minor Hockey League. Players going to Moose Jaw are — Front row left to right—Bob Gruber, Fred Thomas, Syd Shussle and Harvey Stolz. Going to Estevan camp

—in back row, Martin Schaefer, Sonny Herbst, (league president Don White and Al Lukowsky) and George Boychuk. Elmer Arrance (extreme right)

is the only one going to Saskatoon. Also going to Estevan camp but not shown in photo is Richard Bulach. All of the players will leave in the next few days.

## Bomber Win Streak Broken — Roughriders Finally Win

By THE CANADIAN PRESS

It was a night for upsets in Western Interprovincial Football Union action Monday.

The mighty Winnipeg Blue Bombers, unbeaten this season, took their first loss in 11 starts when Edmonton Eskimos crossed the odds-makers and downed them 12-2 in Winnipeg.

The Saskatchewan Roughriders, winless in eight starts, racked up their first win by beating favored Calgary Stampeders 45-35 in a free-wheeling contest in Regina.

The league standings were not changed by the night's action. Winnipeg still leads with 20 points, four more than Edmonton. British Columbia holds the third and last play-off spot with seven points, one ahead of Calgary and four in front of the last-place Roughriders.

Eskimos, cast in the role of Giants, killed, chopped Winnipeg down to size with two touchdowns and a field goal while keeping a rugged defensive line in front of Bombers at all times.

**PARKER IN ALL SCORING**  
Quarterback Jackie Parker figured in all of the scoring, kicking the 21-yard field goal and tossing touchdown strikes to halfbacks Cowboy Woodruff and Joe Bob Smith, but missed both conversion attempts.

Winnipeg's two singles were kicked by Charlie Shepard.

Bombers' offensive unit, considered by some to be almost invincible this season, was held in check by the hard hitting of line-men Don Stephenson, Ed Gray, Mike Volcan, Roger Nelson and

two key pass interceptions by Bill Smith. The Blues got one good march going and forged from their own 22 to the Edmonton 10 in six straight downs, but Smith came up with one of his interceptions then, grabbing a pass by Bomber quarterback Kenny Ploen in the end zone.

The second Edmonton touchdown was set in motion when

Smith snared one of Ploen's passes on the Bomber 25 and charged down to the five. On the first down Parker hit Joe Bob Smith with the touchdown pass.

**PARKER TO LETCAVITS**  
The first TD was set up when Parker hit Jim Letcavits for 13 yards and then snakehipped 14 yards himself to get within scoring distance. He passed to Wood-

ruff from the five-yard line. Bombers first point came when Joe Bob Smith was rouged in the end zone on Shepard's long punt.

Shepard kicked his second point in the last minutes of the game. In Regina, the win could almost be credited as a personal victory for quarterback Bob Pateck, back in action after being sidelined with injuries for five games.

Saskatchewan trailed 14-3 after the first quarter, and led 24-21 at the half. The lead changed hands from then on, but Riders held a 31-28 edge at the end of the third quarter.

Pateck's sparkling passing and fine receiving by halfback Bobby Reen were major factors in the victory.

**THREE TD PASSES**  
Pateck, formerly of Michigan and the Cleveland Browns, pitched three touchdown strikes to Reen, one to halfback Jack Hill and ran 15 yards for one himself. The other Saskatchewan touchdowns came when end Jack Ota scooped up a wild pitch by Stamp quarterback Joe Kapp and galloped 60 yards to play dirt. Reg Whitehouse converted five of the touchdowns and kicked a 31-yard field goal, while fullback Ferdie Burkett rounded out scoring with a 50-yard single.

Halfback Don Stone and fullback Earl Lumsford formed a two-man scoring gang for Calgary. Stone ran for two touchdowns and got the third on a pass from Kapp. Lumsford ran for two. Doug Brown's kicking was accurate throughout and he converted all the touchdowns.

Pateck completed 15 of 29 passes for 310 yards, with Reen on the receiving end of most of them. Kapp and Gene Cichowski completed 17 of their 29 passes for 272 yards. Neither team made any interceptions.

The game was a battle of offensive squads throughout, with only nine punts kicked — six of them by Saskatchewan.

Next WIFU action is Friday night when Pateck will take his crew to Edmonton to meet Eskimos.

## DETROIT WINS 6-2

## Canucks Hustle Wings For First 20 Minutes

Detroit Red Wings had a fight, ucks 6-2 before 3,000 enthused fans in Penitenti Memorial Arena.

Monday night—after that it was a typical case of big-time versus mediocre.

The National League squad like Orland Kurtenbach and John Sleaver, the Vancouver boys came from behind in the second period to dump Vancouver Can-

Hockey League campaign.

## HOWE DISAPPOINTS

The game was exciting but one thing disappointed the fans. Gordie Howe failed to score. He did, however, grab three assists.

Leading the scoring was Val Fonteyne with a pair while Howie Glover, Murray Oliver, Allan Johnson and John McKenzie counted the others.

For the Canucks it was Sleaver and Murray Wilkie.

Vancouver started fast, counting the first goal at 2:26 of the first. Sleaver, Cyr and Gillis teamed up for the opener.

Detroit evened things up at 2:50 of the middle frame with Howie Glover taking Norm Ullman's pass and firing it by Hank Basen in the Canucks' net.

One of the nicest plays of the contest saw Wilkie combine with Kurtenbach on a smooth effort at 7:13.

Wilkie took Kurtenbach's pass and pulled Terry Sawchuk to one side while he blasted it home.

Fonteyne got his first goal at 9:43 and Oliver pumped another in for the Wings at 11:15.

Johnson opened the final period with a back-hander and John McKenzie pushed the score to 5-2 when he picked up a rebound at 12:18.

Fonteyne's second counter came three minutes later.

**BROKE A TIE**  
A pinch single by Hector Lopez broke up a 2-2 tie, after a double by Bob Cerv and a walk. Dale Long, who homered in the second inning, capped the rally with a single off loser Pedro Ramos (11-17).

Minnie Minoso was 3-for-3, belted his 20th home run and drove in two runs along with Luis Aparicio as the White Sox beat Bill Fischer (8-8).

Southpaw Bud Daley (15-15) beat Cleveland with a four-hit effort, his first victory over the Indians this season.

The Giants, shut out on three hits for seven innings, scored all their runs in the eighth, three on Don Blasingame's triple.

**LOTS OF HEADACHES**  
That is what gives Hong Kong authorities plenty of headaches.

For Hong Kong's markets and streets are getting dirtier, noisier and more congested in direct proportion to the increasing number of hawkers.

Readers have written to the newspapers, calling for action. Hawkers, they say, make too much noise trying to out-shout one another. They clutter up streets and staircases. They form a solid phalanx with their baskets and boxes against all traffic.

They litter the streets with rotten cabbages and smelly fish. To cap it all, say the complainants, they not only shatter the early-morning peace but indulge in such nocturnal activities as selling congee (rice gruel) after midnight.

But with unemployment—and under-employment—rife, the authorities do not want depriving the hawkers of their "honest living," so much so that sometimes they apparently turn a blind eye even on the matter of licences.

**Steelworkers Fight A 'Duel'**

CAMPBELLTON, N.B. (CP)—Two steelworking gangs building the Restigouche River bridge between here and Cross Point, Que., are fighting an unofficial "duel" to see who finishes first.

The \$5,500,000 structure will carry highway traffic across the mile-wide river between the two provinces. It is to be opened next year.

A crew under foreman Leo Levert of Hamilton, N.B., working on the New Brunswick end, has a slight edge at the moment, perhaps because it had a week's head start.

However, Dalhousie, N.B., native David Theriault's gang, on the Quebec section, is placing a few bets to back up the boast that they will win in the long run.

Cost of the bridge is being split between the New Brunswick, Quebec and federal governments.

**TALKS MAY OPEN**  
REGINA (CP)—Representative Walter Smith of the Laundries and Dry Cleaners Union said Monday the union is ready to re-open contract talks with nine Regina and one Saskatoon firms.

**ZOO EXPANSION**  
WINNIPEG (CP)—The proposed \$4,500,000 expansion program for Winnipeg's Assiniboine Park Zoo will increase the zoo's facilities to 120 acres from 45, and raise the number of species housed in it to 300 from 90. Director Gunter Voss said in a recent address that the cost is equivalent to two packets of cigarettes for each resident for the next 10 years.

## Yanks Keep Rolling With 10th Straight

By ED WILKS

Associated Press Staff Writer

Pittsburgh Pirates and New York Yankees clutch the flags, but the races aren't over yet in the majors, not with eight clubs scrambling for the leftovers.

While the Pirates, still aglow after winning their first National League pennant in 33 years, were idle Monday, the Yanks, American League champs for the 10th time in a dozen years under manager Casey Stengel, kept humming with a 4-2 victory at Washington in 10 innings Monday night.

It was the 10th straight success for the Yankees, the longest of the year in the majors and the champs' best string since 1958, when they also won 10 in a row.

The races for a chunk of world series cash, split among the first division clubs in each league, centered around Milwaukee - St. Louis and Los Angeles-San Francisco in the NL; and Chicago-Baltimore and Cleveland-Washington in the AL.

**SOX MOVE UP**  
Chicago's White Sox, battling to keep intact manager Al Lopez' record of never having finished lower than second, pulled into a second-place tie with Baltimore by beating Detroit 6-3. Cleveland lost 6-1 at Kansas City, Don Blasingame's triple.

The Giants, shut out on three hits for seven innings, scored all their runs in the eighth, three on Don Blasingame's triple.

**LABINE LOOKS FORWARD**  
To Meeting Yankees

By JOE REICHLER

PITTSBURGH (AP) — Probably no Pittsburgh Pirate is looking forward to facing New York Yankees in the World Series with more eagerness than veteran relief pitcher Clem Labine.

Not that this would be the first World Series for Labine. He has been in four of them. Not that he is seeking to vindicate himself against the American League champions. He has already beaten them twice in four series decisions.

But six weeks ago Labine had to make up his mind whether to become a probable Yankee or a positive Pirate. He chose the latter.

The 34-year-old curve-baller thinks it will be nice to show himself to the club that told him: "We'll wait and see."

Last August Labine was home in Woonsocket, R.I., seriously considering quitting baseball and devoting full time to his men's wear business.

**DROPPED BY DETROIT**  
He had been handed an unconditional release by Detroit Tigers and had received only two bids from minor league clubs. Then the Yankees phoned.

"Stay in shape," a Yankee official said. "We'll probably take you on in a couple of weeks. We don't have room for you now."

An hour passed and the phone rang again. General manager Joe Brown of the Pirates asked: "How's your arm?"

"Nothing wrong with it," said Labine.

"I'd like to have you on the club," Brown said. "How soon can you come to Pittsburgh?"

"I'll start packing right away," Labine, a flop with Detroit after the Tigers had claimed him on waivers from Los Angeles Dodgers of the National League earlier this season, has pitched brilliantly for Pittsburgh. He turned in his first appearance in his third relief appearance in the Pirates Aug. 17 and has kept on baffling hitters since.

He relieved in 14 games, saved four, has a 4-0 record and has an earned run average of better than 1.00.

**WHY THE CHANGE?**  
Why he didn't fare well with the six-place Tigers?

"It's tough to be with a club that's going nowhere and doesn't seem to care," Clem said in an interview Monday. "You can be the greatest fighter in the world, but if fellows behind you don't fight, you're licked."

"The fellows here make you want to go all out, to work just a little harder."

**BASEBALL STARS**  
By THE ASSOCIATED PRESS

Pitching—Bud Daley, A's, won 10th with four-hitter in 6-1 decision over Indians.

Hitting—Minnie Minoso, White Sox, was 3-for-3, hit 20th home run and drove in two runs in 6-3 victory over Tigers.

Israeli Shipping Link With B.C. Started

VANCOUVER (CP)—The Vancouver Maritime Council, the Israeli Shipping Company and the B.C. Maritime Council have agreed to launch a shipping service between Vancouver and Mediterranean ports.

The streamlined vessel has a cargo capacity of 5,400 tons and a cruising speed of 15 knots. It was built under the German reparations agreement with Israel.

Here to greet the Nahariya was W. R. Lazarus, executive vice-president of American-Israeli freight shipping company of New York, general agents for Zim-Israel, which also operates passenger service between New York and Israel.

## Mann, Patterson Tied In Pass Receiving

TORONTO (CP) — Halfback Dave Mann of Toronto Argonauts and end Hal Patterson of Montreal Alouettes have jumped into a tie for leadership in the passing department of the Big Four Football League.

Mann caught two passes Saturday as Argos defeated Al's 21-9 and Patterson took three. Each now has 29 for the season but Mann holds an edge in yards gained with 741 to Patterson's 583.

Dave Thelen of Ottawa still has a fat lead in the rushing department, adding 123 yards Saturday as Riders downed Titans 25-21. His total now is 908, nearly 300 yards ahead of second-place George Dixon of Al's.

Ottawa's Ron Lancaster still leads the quarterbacks with an average gain of 10.3 yards in passing. Tobin Rusk of Argos has the most completions, 13 of his.

Bright spots have been the performances of rookies Dave Keon and Bob Nevin. Keon is the team's top scorer in exhibition games with six goals. Nevin has three.

**HABS' CAPTAIN**  
Montreal Canadiens Monday elected veteran defenceman Doug Harvey as captain of the Stanley Cup champions. Harvey, 36-year-old stalwart, preparing for his 14th season with Canadiens, succeeds Maurice (Rocket) Richard, who retired two weeks ago. Canadiens have had only eight captains since 1909—Jack Laviolette, Newsy Lalonde, Sprague Cleghorn, Silvio Mantha, Hector (Toot) Blake, Butch Bouchard, Richard, and now Harvey.

## Avalanche Threat

### Cancels Search

KAMLOOPS (CP) - A search  
for a missing shepherd was aban-  
doned Monday because of ava-  
lanche dangers in the snow-  
covered mountain country north  
of Kamloops.

Gezo Pecelli, 21, has been mis-  
sing since June 26.

RCMP officers said six to  
seven feet of snow has fallen in  
the area where Pecelli is be-  
lieved to have disappeared.

The possibilities of avalanches  
made a continued search danger-  
ous. Police said only warmer  
weather might melt the snow to  
allow further search.

### MEN SATISFACTORY

PORT ALBERNI (CP) - Nor-  
man Harold Untch, 23, and Jack  
P. Eaton, 58, were reported in  
satisfactory condition in hospital  
here Monday night with injuries  
suffered in a car collision which  
took one life Saturday night. Mr.  
Eaton's wife died Sunday from  
injuries she suffered in the crash.

The bidding:  
East South West North  
Pass 1 NT Pass 3 NT  
Opening lead — three of spades.

This hand occurred recently in a pair championship. At most tables South became declarer at three notrump and received a low heart lead.

When East covered the ten with the king, South could not afford to hold off for fear the defense would shift to a spade and kill dummy's only entry card.

So practically all the South players took the ace of hearts immediately, cashed the A-K of diamonds, and entered dummy with a spade to run four more diamond tricks.

The play then varied when declarer led a club from dummy and had to decide whether to finesse the queen in an effort to

make four notrump. The trick being so important in duplicate bridge, quite a few declarers tested their luck and were successful when the finesse worked.

At some tables the opening lead was the three of spades. Declarer usually made exactly three notrump at these tables when East won the spade with the king and returned the ten which held the trick. East shifted to a club, and South, not daring to tempt fate any further, took the ace and scurried home with nine tricks.

But superb defense at several tables where a spade was led laid the declarer low. When East took the king and returned the ten, the West player overtook with the jack, realizing that South probably had started with three spades for his notrump bid and that hence East had the K-10 doubleton.

Declarer could do no better than let the jack hold. West led a low spade to kill dummy's entry and knock the long diamond suit completely out of commission.

This effort was completely successful. Declarer finessed dummy's nine to gain an extra spade trick, but lost four diamond tricks in the process.

These declarers, rendered helpless by the masterful defense, all went down two. They scored two spade tricks, a heart, two diamonds and two clubs, and had to watch four perfectly good diamond tricks go to waste because of lack of an entry to dummy.

YOUR HOROSCOPE

**FOR TOMORROW**  
Initiative and enterprise will pay off now, but don't try to force your opinions on others. Any display of over-aggressiveness will work to your detriment. Use tact and diplomacy in putting over ideas.

**FOR THE BIRTHDAY**  
If tomorrow is your birthday, your horoscope indicates that you should attack major objectives with confidence between now and the end of 1960—especially those connected with your job. Don't expect too much in the way of immediate recognition, but do look for nice "breaks" in October and January. Where financial matters are concerned, you will have to be conservative for most of the year ahead. This whole period discourages extravagance but it is, nevertheless, one in which resourcefulness and ingenuity will pay off in long-range terms.

Under beneficent aspects during July and August, and both May and June favor romance. Those in creative lines should make great strides during the first 3 months of 1961. Look for some good news of a business nature early in January.

A child born on this day will be emotional, sensitive and highly persistent in the pursuit of goals.

FUR, FIN AND CAMPFIRE By Jack Sords

been started this year by the Alberta agricultural department at the Lacombe experimental farm. One is the breeding of red clover for resistance to winter crown rot, and the other is also breeding for the same purpose.

**NEW INDUSTRY**  
LETHBRIDGE, Alta. (CP) — The first sprocket manufacturing plant on the Prairies opened here, employing 17 skilled workers. The plant is designed to produce 10,000 sprockets of varying sizes annually, using 40 tons of steel a year.

**SPECIAL EVENT**  
PORTAGE LA PRAIRIE, Man. (CP) — Group Captain D. E. Galloway, senior staff officer at RCAF training command headquarters, Winnipeg, got a special thrill at a recent graduation ceremony here. He pinned pilot wings on his son, Flying Officer Donald Galloway, who attained

top standing in the advanced flying course.

**NEW NO. 10**  
WINNIPEG (CP) — For the first time in its 80-year history Government House—home of Manitoba's lieutenant-governor—has been given a street number. From now on it's 10 Kennedy Street, to facilitate replies to invitations for formal functions.

**URGES RESEARCH**  
SASKATOON (CP) — President J. W. T. Spinks of the University of Saskatchewan says there is need for more educational research at a high level in Canada. He urged that applied research should be carried out by using methods of operational research developed during the Second World War.

CROSBY CLAN GETS TOGETHER

For the first time since Gary joined the ranks of benedictines, the four Crosby boys get together with their show girl

wives for a group picture. Joining them is their grand-father, Evans E. Wyatt, 78. Left to right are Gary and Bar-

bara, Dennis and Pat, Phillip and Sandra, and Lindsay and Barbara. Occasion was the opening by Dennis, Phillip and

Lindsay of their first Hollywood engagement at Ciro's. (AP Wirephoto).

## HISTORIC HAMMOCKS GOING

# Bunks Shove Out "Micks" On Most Navy Vessels

OTTAWA (CP) — A moment, pray, to record the end of the hammock or "mick," once the sailor's sea-going bed.

Osborne Beamish, 59, of Ottawa, a senior inspector in the naval supply branch, has won a cash award from the suggestion award board of the Public Service of Canada for recommending a new use for the hammock.

The new use: Surplus hammocks are folded and sewn up the sides to make bags for dirty clothes and mail.

The origin of the hammock is difficult to trace but it is said it was introduced by Alcibiades who commanded the Athenian fleet of war about 450 B.C. Christopher Columbus is also credited with introduction of the

hammock. In 1493 he found that the natives of San Salvador slept in cotton nets called "hamacs."

After Sir Francis Drake and other Elizabethan seamen visited the West Indies, the hammock was adopted in the Royal Navy about 1590.

Accommodation in warships has always been a serious problem and it is just as serious now as it has ever been. New equipment carried in warships requires more personnel to operate it. The problem is known in the Royal Canadian Navy as "habitat."

In Nelson's day, midshipmen ate and slept in a sunless, airless area below the hold known as the orlop. The standard allowance of space per hammock

## Halifax Town Clock Brought Up To Date

HALIFAX (CP) — By early next spring chimies will again ring out over Halifax from the city's historic town clock.

But until then the clock, which has been tolling the hours since 1803, will be silent as it undergoes reconditioning and installation of a new bell-striking mechanism.

Officials of the National Historic Sites Board decided this summer that the clock needed repair and workmen have been busy for months replacing the old rubble stone foundation and removing the rotted covering.

Recently it was discovered the clock's frame was in worse shape than earlier thought. New lumber will replace the old heavy timbers used in the original construction.

## Graves Of Nazi Victims Found

WARSAW (Reuters) — Mass graves of prisoners of war murdered by the Nazis were discovered recently in the region of Zagan, near Zielona Gora in western Poland, the Polish news agency PAP reported.

The agency said the whole graveyard was covered by a young pine forest more than 10 years old and planted in rows to obliterate the traces of prisoners from 13 countries—including the United States, Canada, Britain, Poland, Czechoslovakia, France, Belgium, Greece, Holland, Italy, Yugoslavia and the Soviet Union.

A special team had identified the mass graves in an area about 262 feet wide and about 1,900 feet long, as well as single graves, in the forests around Bolestawiec and Zgorzelec, the agency said. Exhumation work was being carried out.

## Cape Breton Camping Fad Tough On Resort Owners

INGONISH, N.S. (CP) — The thump of wooden mallets on tent pegs echoed this summer through the camping grounds at Cape Breton Highlands National Park, sounding an ominous warning for tourist resort owners.

Standing beneath "vacancy" signs, they watched automobiles stream past loaded with camping equipment.

This growing swing to outdoor vacations, they say, accounted for a big drop in tourist resort business this year, a situation that is fairly general throughout the country.

The number of tourists visiting Cape Breton was down 25 per cent while the number of camping parties at the national park rose 84 per cent.

**OTHERS HURT**

Hotel operators are not the only ones affected. Restaurants that cater mainly to tourists watched the visitors pass by only to stop at a nearby grocery store to load up with supplies.

The camping boom, equipped with stoves and the economy of meals cooked in the open appeals to many.

The attitude of the campers was summed up by one New York couple who pitched their tent at Black Brook near the big Ingonish resorts.

"You can see more and you can see it more cheaply. A tent gives you great latitude. We can go anywhere, see anything and be

all we really need is water.

"Our vacation budget goes a long way, too. It costs us \$2 to camp in the park. Any decent hotel or motel would cost us maybe \$10 a day. We cook our own meals for a fraction of the cost of a tourist resort meal."

**BLAMES RESORTS**

William Petrie, who runs the Oceanview Inn at nearby Neil's Harbor, laid at least some of the blame on the resort operators themselves.

"You really can't blame the tourists. Some people have been making a good thing of these tourists and I guess the tourists just got sick of it."

"Down at Ingonish they are charging \$18 and \$20 for space and how many people can afford that? Instead, these visitors have brought a tent and they can have a vacation without it costing a fortune.

"Some places in the park look like a little town with all the tents. I am willing to bet that there will be more tents next year and more the year after that."

The trend is welcomed by some businessmen. A small investment can turn a field into a camp ground and some land owners recognize the possibilities. However, they must show a profit in about three months of operation. If tourists pass their doors in the summer, the winter can be grim.

COAL INDUSTRY'S PROBLEMS

Stiff competition from imports and the inroads of other fuels are two problems facing Canada's coal industry. Graph at left shows, how United States coal has filled a major share of

the Canadian consumption market in the 1948-58 period. Inroad of oil, gas and hydro as a fuel and the resulting drop in coal use is traced in graph at right. (CP Newsmap).

## FIRST HORSE SALE

EDMONTON (CP) — Canada's first breeders' sale of quarter horses will be held Oct. 15 at G. W. Colston's G-Bar-E Ranch, 27 miles southeast of Edmonton.

## K. May Get His Wishes Without Will Of Majority

UNITED NATIONS, N.Y. (AP) — One of the biggest dangers to the future of the United Nations is that Nikita Khrushchev may accomplish what he has set out to do without the will of the majority.

This is being discussed in the UN corridors in an atmosphere of deep concern.

The Soviet leader has made it clear that he is out to get Secretary-General Dag Hammarskjöld by one means or another.

His proposal to replace the office of secretary-general with a three-member presidium — with built-in veto power — can be looked upon more as a maneuver than as a proposal with any chance of reaching a formal vote.

But it is, in effect, a signal for all-out war by the Communist bloc against the secretary-general.

The purpose is to make things so hot for Hammarskjöld that he will feel his effectiveness at an end and see no choice but to resign.

**A LONG SEARCH**

Should this come about, Khrushchev will have accomplished his objective.

It would be next to impossible to get a new secretary-general who would be satisfactory to both East and West. The search could go on for months — perhaps even years.

Meanwhile the office would remain vacant, and the peace-making functions of the office paralyzed.

That actually is Khrushchev's major objective.

It would leave the field open for Communist interference in future emergencies such as the Congo.

**IMPOSSIBLE PROPOSAL**

Khrushchev is aware that adoption of his proposal to change the structure of the secretariat is impossible.

A structural change such as he has suggested requires a two-thirds majority vote of the General Assembly. And the change in the charter would have to be ratified by two-thirds of the members, including all five permanent members of the Security Council. There is no chance of that.

In fact, Khrushchev has yet to put forward his suggestion in the form of a formal proposal. But he doesn't have to do that. All he has to do is continue to insist that he and the Communist bloc have no confidence in Hammarskjöld.

If he does that long enough and consistently enough, then this session of the assembly will be a complete washout.

**FLOATING COMMERCIAL**

LONDON, Ont. (CP) — Gerald Innes returned from a Florida vacation to report he had picked up a barnacle — encrusted bottle which had come across the Atlantic. It held tightly rolled messages from "King Neptune," which indicated it was launched some years ago by someone promoting a British brewery.

# Dynamic Surge Of Progress Fast Changing The Face Of Australia

SYDNEY, Australia (CP) — To businessmen the sale to a London company of the site for a 26-storey skyscraper was the latest phenomenon of a spectacular real estate boom. But to many Australians across the continent it was new evidence of a dynamic surge

of progress that is changing the face and character of Australia.

Today Australia's 10,000,000 inhabitants, swelled by more than 1,500,000 postwar migrants from Europe, are gripped by an unprecedented confidence in their country's future. Many liken Australia's growth to that of Canada a generation ago, but at a much faster rate of acceleration.

With a standard of living now approaching Canada's, Australians justify their optimism by pointing with pride to their new TV-masted homes, shiny Australian-made cars, and fattening bank balances. To them the new-found material comforts plus virtually full employment and a large measure of social security are the proof of Australia's prosperity.

## Nixon-Kennedy Debate Spurs Election Campaign

By ERNEST B. VACCARO

CHICAGO (AP) — The 1960 presidential campaign gained momentum Monday night from an hour-long clash on television of the rival candidates.

Vice-President Richard Nixon and Senator John Kennedy opened up over their differences on farm, school, housing, medical care for the elderly and other domestic issues before a huge television-radio audience.

Nixon hammered away on the argument that his Republican programs will move Americans forward "on the wonderful record we have made over the last 7 1/2 years."

On the other hand, Nixon said, health, education, housing, farm, elderly medical care and other proposals advanced by Kennedy, would boost federal spending by anywhere from \$13,200,000,000 to \$18,000,000,000.

Nixon said Republican proposals would increase federal spending from \$2,000,000,000 to \$4,100,000,000.

Kennedy insisted his program can be included in a carefully drawn balanced budget "if our economy is moving ahead."

Kennedy seemed to be quicker to answer questions, sometimes even before they were finished, and Nixon was quicker to bow in the direction of his opponent.

## ONLY DOMESTIC MATTERS

Under an agreement reached by Nixon and Kennedy, this debate was limited to domestic affairs. Three others are scheduled before the election.

WASHINGTON (AP) — A survey of voters in 10 major cities indicated today that a majority of those polled were not influenced by Monday night's televised debate between presidential candidates Richard Nixon and John Kennedy. Only a few persons said they had switched from one candidate to the other because of the debate.

## CONTROLS LIFTED

The great split forward "Down Under," coinciding with the opening wide of Australia's doors to European immigrants, has been in the making ever since the war.

Today Australia has finally overcome a chronic housing shortage, lifted building restrictions and a few months ago eliminated nearly all remaining import licensing controls. Australian and overseas investors, encouraged by relatively stable political and labor conditions, are pouring millions into developing the country's vast potential in both natural resources and industry. Though Australia basically still lives off its earnings from wool, meat and cane sugar exports, the economy is gradually becoming less dependent on the sheep's back.

It is impossible for a 1960 visitor to avoid being impressed by Australia's vibrant atmosphere. The signs are the same whether he lands by jet airliner in the remote northern gateway of Darwin, or by ship in the throbbing cosmopolitan metropolis of Sydney with its 2,250,000 residents.

The air is pierced by the beat of pneumatic drills as the steel skeletons of new office buildings and luxury hotels leap skywards. Even once-staid Melbourne now boasts (temporarily) of Australia's tallest building, an 18-storey Imperial Chemical Industries House.

The native-born Aussie still likes his beer, still gambles heavily, still spends his weekends on the beach, and still claims he's an easy-going rugged individualist as good as his master. But he no longer is prepared to accept second-rate standards, to be tied to the apron strings of the United Kingdom, and is less frequently inclined to conceal a feeling of inferiority by bombast.

Today Australia is permeated by a new sense of national pride which permits the country to retain strong emotional and economic ties with the mother country and yet assume a distinctive and responsible role on the international scene. To many, Australia now for the first time is beginning to enjoy the true meaning of independence within the Commonwealth.

## Brigitte Bardot Started Era Of "Erotic Hoyden"?

LONDON (CP) — Stand well back, chaps, and don't jostle the librarian. The world's top female brain—give or take the odd grey cell—has just written a book about the world's most delectable pin-up.

The pin-up, incontestably, is Brigitte Bardot. And the incandescent intellect who dissects her in print is Simone de Beauvoir, classed by critics with United States author Mary McCarthy among the most intelligent of modern women writers.

Miss de Beauvoir, who has broken a few hearts herself, projects a clinical microscope on a target that members of a more susceptible sex prefer to conceal. Her premise is that actresses such as Audrey Hepburn, Leslie Caron and Brigitte have launched the vogue of the "erotic hoyden."

**MEETS TROUBLE**

And right away she runs into trouble. British book reviewers give her the raucous raspberry. Critic Bernard Levin, obviously enjoying himself hugely, writes in a weekly magazine:

"Anybody who imagines that the eminently bedworthy Bardot provides the same sort of serene image as the effluence of Miss Hepburn or the pliant-plixie attraction of Miss Caron ought to ask the opinion of the nearest man."

Levin says Miss de Beauvoir's book is "owlishly pompous."

## LATEST FASHIONS

Streets are choked with cars seeking elusive parking meters. In Sydney a new expressway is being burrowed into the heart of the city. At the opposite end of the continent in Perth a six-lane pre-stressed concrete bridge across Perth Water Narrows was opened shortly before Christmas.

Swank stores on Melbourne's tree-lined Collins Street display the latest Paris and New York fashions; Adelaide's Rundle Street at night is a technicolor blaze of neon lights; big department stores in Brisbane are opening branches in new multi-unit suburban shopping centres, the north American supermarket is coming into its own.

In Melbourne My Fair Lady with an all-Australian chorus is running for its second year before packed houses nightly; Adelaide has just completed Australia's first major arts festival in which Toronto soprano Lois Marshall sang as a guest artist; sales of TV sets in Sydney and Melbourne are nearing saturation only three years after the first Australian television program went on the air.

Each state capital is rapidly being ringed by dormitories of thousands of new bungalow-type houses. The homes are furnished

## PERSONALITY CHANGE

The influx of Europeans, new American ideas and the ending of Australia's physical isolation from the rest of the world ultimately are expected to effect fundamental changes in the Australian national character. In some important respects this is already apparent.

The native-born Aussie still likes his beer, still gambles heavily, still spends his weekends on the beach, and still claims he's an easy-going rugged individualist as good as his master. But he no longer is prepared to accept second-rate standards, to be tied to the apron strings of the United Kingdom, and is less frequently inclined to conceal a feeling of inferiority by bombast.

Today Australia is permeated by a new sense of national pride which permits the country to retain strong emotional and economic ties with the mother country and yet assume a distinctive and responsible role on the international scene. To many, Australia now for the first time is beginning to enjoy the true meaning of independence within the Commonwealth.

**Sales & Service Heating Specialists**

All heating installation completed to approved standards of National Warm Air Assoc. and fully guaranteed for one year.

**BARR & ANDERSON**

(Interior) Ltd.
